

Lifestyle & Sleep Health Dashboard

Visual analysis of sleep duration, quality, stress, activity, and demographics- Dataset from Kaggle

Average Sleep Duration

7.13

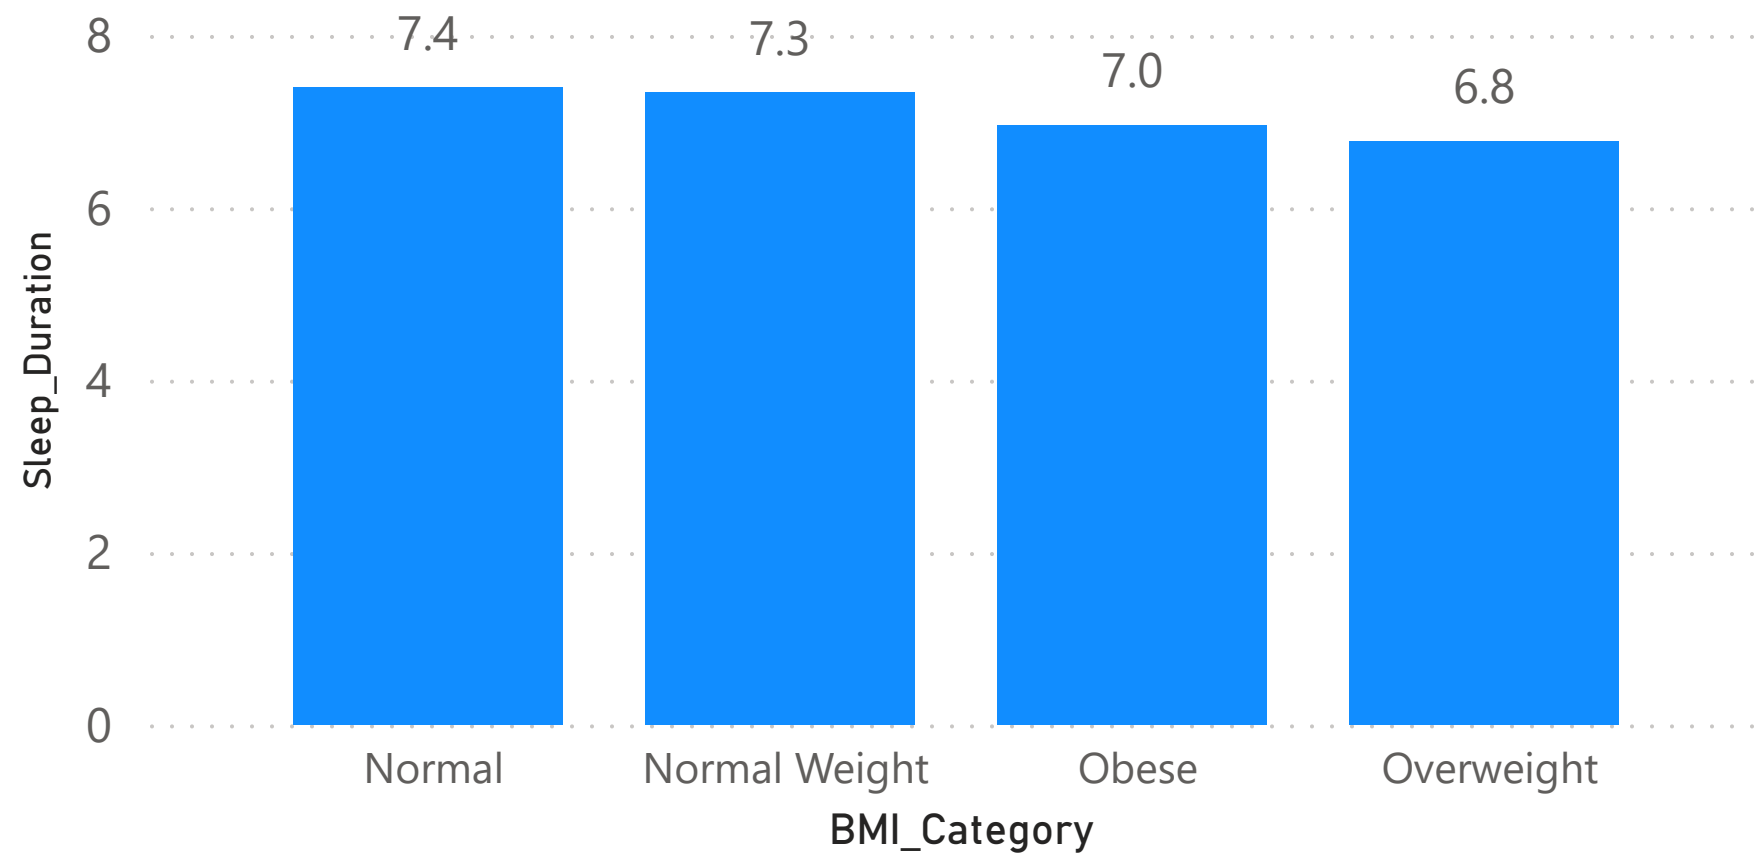

Average Sleep Quality

7.31

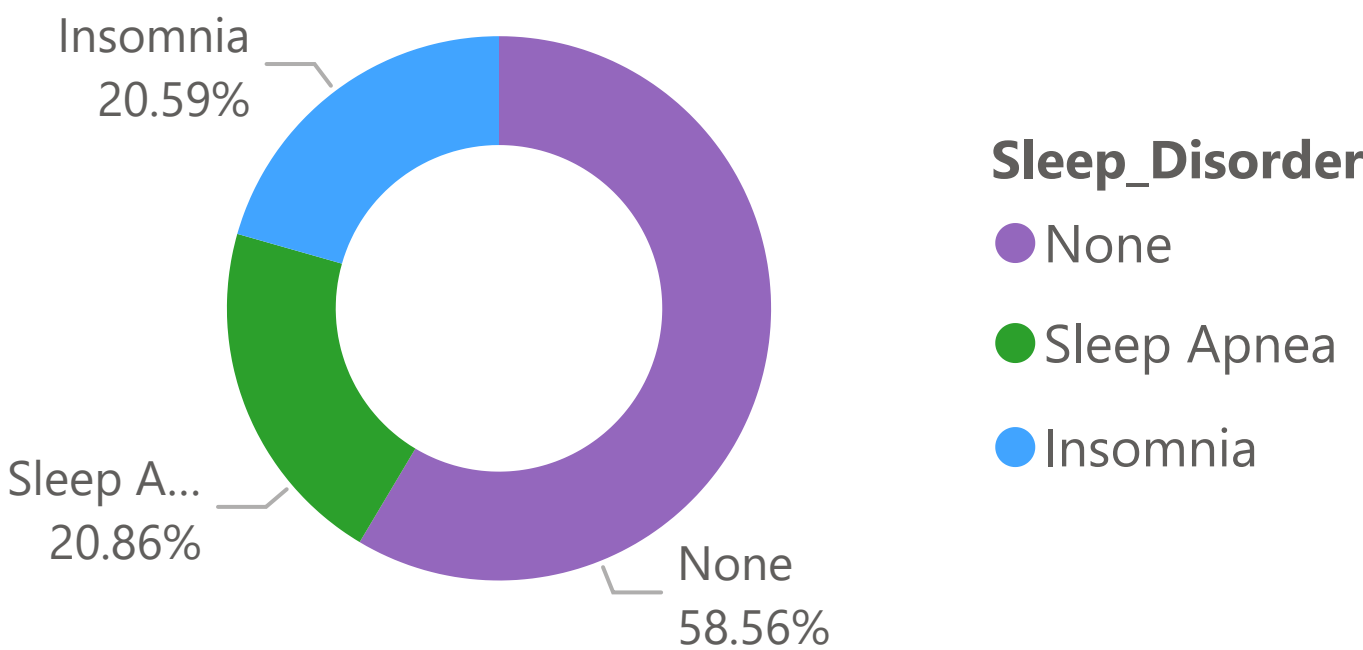

Average Stress Level

5.39

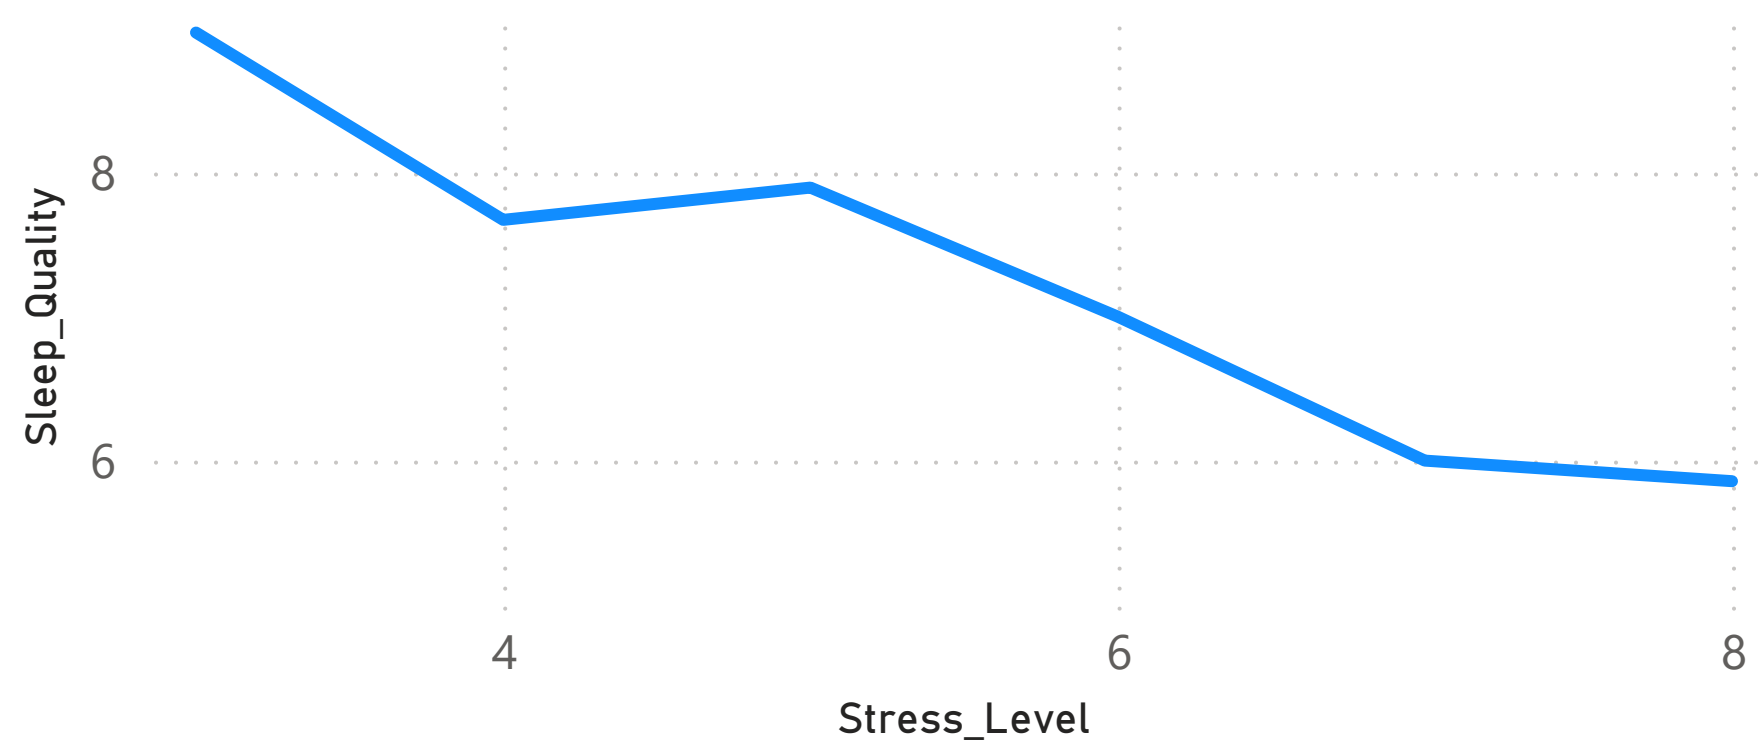

Average Sleep Duration by BMI (hrs/night)

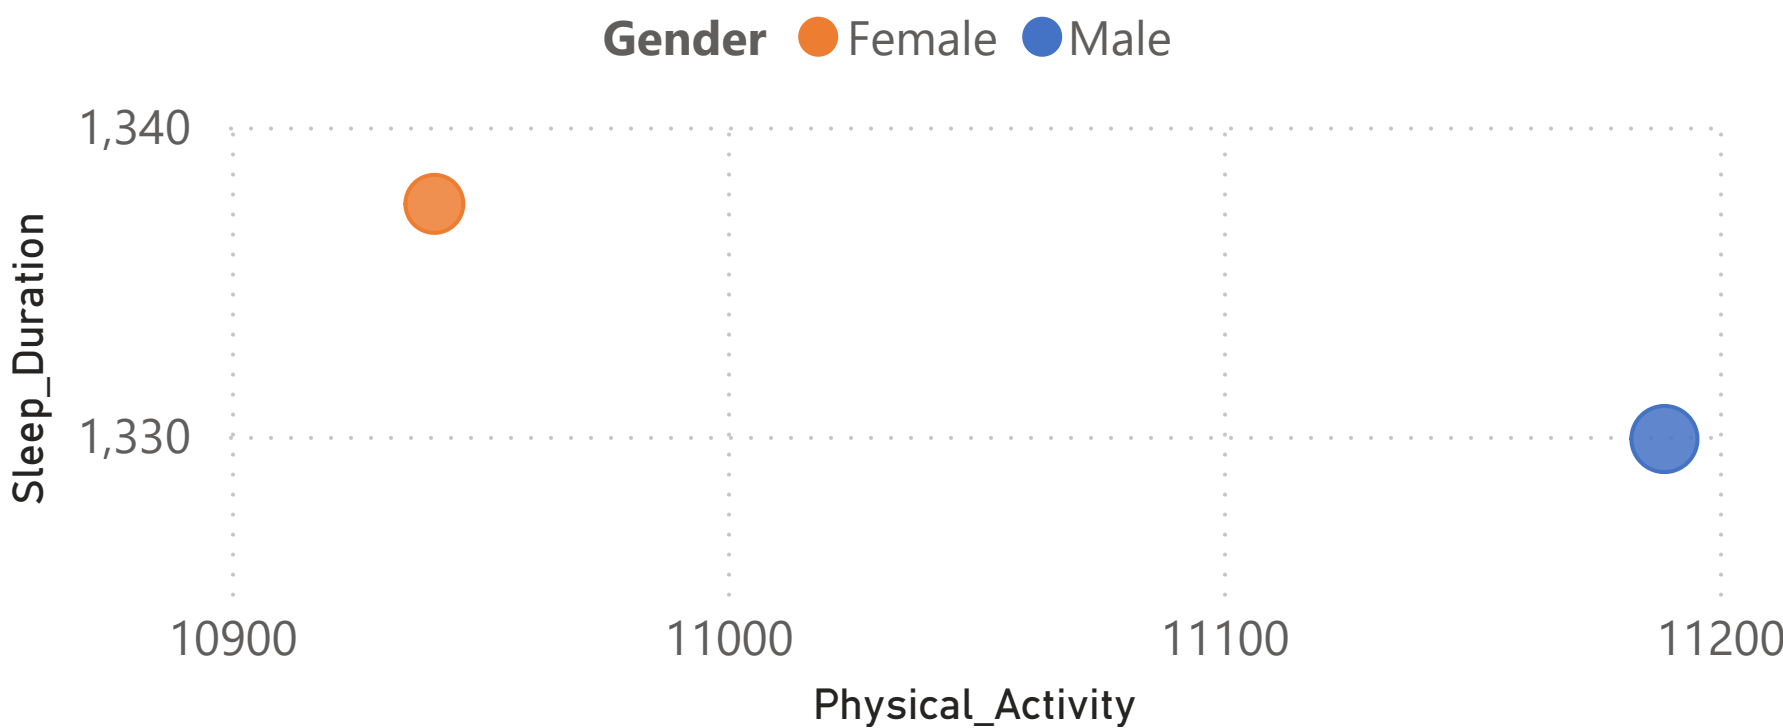

Sleep Disorder Distribution (%)

Sleep Quality vs Stress Level (1-10 scale)

Physical Activity (steps) vs Sleep Duration (hrs) by Gender

How to Read This Dashboard

- Sleep Duration = average hours per night
- Sleep Quality = 1-10 (higher = better)
- Stress Level = 1-10 (higher= more stress)
- Physical Activity = daily steps
- Sleep Health = duration x quality

Tip: Use Gender/Occupation/BMI slicers at the top to explore segments
